On August 5, 2020, the presentations were conducted and the selection committee recommends ratification of the following:

Capital Improvement Projects Update. This presentation identified projects in each phase of their development – design, construction through closeout. A written project update is provided at every FPPC meeting.

Ms. Hardin introduced Mr. Varnell and shared that he has restructured Facilities Management in the nearly two years since his arrival. Mr. Varnell then provided updates on the projects in design and those in closeout status, noting that several projects will be going through a pricing change because of the pandemic that may be to the University’s benefit. He also shared that there may be a few delays in project start because of the pandemic.

Mr. Varnell gave emphasis to the following projects during his update.

Projects in Design
Union Deck Elevator Replacement
Bioinformatics
East Village
Lot 5A Expansion
Modifications to J.W. Clay and Robert D. Snyder Rd.
Fret well Café Expansion
Popp Martin Renovation Dining Venues
Science Café
Toby Creek Restoration
Reclaimed Water

Projects in Construction
Mcgargy HVAC Upgrade
Information Technology Infrastructure Upgrades
Science Building
**Capital Projects in Closeout**
Starbucks Renovation Sycamore Renovation

Mr. Varnell stated that all projects in design through construction have been affected by the pandemic and the recession. As auxiliary units have been those most negatively affected by the pandemic, auxiliary capital projects have been delayed, scaled back, or canceled. The University has received guidance that fewer projects in the future will be state-funded. Projects will be smaller. He anticipated that there will be a lull in new projects for a while, with the University and UNC system focusing more on taking care of older buildings needing repair.

**Phase XVI Residence Hall Project**
Ms. Hardin and Mr. Varnell provided a detailed update on the Phase XVI residence hall project. Mr. Varnell reminded the committee that the Phase XVI project is designed to provide 692 student beds in a traditional, double occupancy format and serve as a lower-cost option for on-campus housing. Phase XVI is intended to replace Moore and Sanford Halls after detailed studies concluded that both residence halls should be replaced due to their age.

Mr. Varnell reported that the project was under contract and under construction by February 2020, and that much of the site work was completed in preparation for pouring concrete by March. By the end of March, the impact of the COVID-19 pandemic on the University’s Housing operations, including the closure of resident halls on March 21, had adverse financial effects.

Mr. Varnell stated that in late April the project was progressing toward a significant milestone for the order and installation of structural steel, which was a critical juncture from a construction and financial standpoint. He conveyed that in April, the Chancellor, Cabinet members, and Housing, Facilities Management and Financial Services staff had conferred with consultants from Rieth Jones Advisors to evaluate the developing situation and discuss available options, and that the construction contract was formally cancelled on June 1, 2020.

Ms. Hardin and Mr. Varnell confirmed that the project remains authorized with the system office and the State Construction Office (SCO), and that the proceeds from the January 2020 bond issuance for this project remain with the University.

Ms. Hardin provided additional updates on the impact to the University’s auxiliary operations, reporting that dining, housing and parking functions have been adversely affected financially due to the significant refunds paid to students due to reductions in service and closures resulting from the pandemic. Dr. Bailey added that total projected housing occupancy for this fall is currently 60% and likely to see further decline.

The Committee then discussed options for the Phase XVI project, including re-bidding the project, alternatives for financing the project, and the governance process for any change in the financing plan.
Ms. Hardin responded by stating that the University would coordinate with its housing and financial consultants to continue evaluating options for the project and would update the committee.

No conflicts of interest were reported.

Introductions and Announcements. Mr. Wilson thanked everyone for joining the meeting and recognized Board of Governors Liaison Mark Halton.

Next, Mr. Wilson congratulated Chancellor Gaber for being recently named a 2020 YWCA Northwest Ohio Milestone recipient for women’s leadership.

Mr. Wilson also recognized Chancellor Emeritus Dubois for receiving the 2020 ACE Council of Fellows/Fidelity Investments Mentor Award.

Mr. Wilson then reported that the bioinformatics research team was featured in the New York Times on August 30 for their campus-based early detection research system testing waste water to prevent COVID-19 spread. Mr. Wilson congratulated University Communications and Dr. Gibas and her team.

Swearing-In of Student Body President. Mr. Wilson reminded Trustees that the new Student Body President is normally sworn in during the April meeting, but since it was necessary to hold a condensed meeting in April due to COVID-19, we were not able to include the ceremony. Mr. Wilson explained that though this year’s new president officially began her service on the board as soon as she became President, we would conduct her swearing-in ceremony at today’s meeting.

Ms. Clark conducted the swearing in of Ms. Sampson.

Approval of April 2, 2020 and July 8, 2020 Meeting Minutes. Mr. Wilson requested action on the open and closed minutes of previous meetings as distributed: April 2, 2020, May 4, 2020, and July 8, 2020.

Action. On a motion by Mr. Bunker, seconded by Ms. DeVore, the Board approved the April 2, 2020, May 4, 2020, and July 8, 2020 minutes as distributed.

Remarks by the Board of Governors Liaison. Mr. Wilson introduced Mark Holton, UNC Charlotte’s new Board of Governors liaison and invited him to give some remarks. Mr. Holton briefly introduced himself and discussed his leadership style. He then complemented UNC Charlotte’s campus, calling it a treasure, and stated that Chancellor Gaber was a great choice to lead the university. He next gave an overview of the trustee appointment process and reiterated the Board of Governors’ focus on access and affordability as its top priority. Lastly, he discussed priorities for the two BOG committees on which he serves. The Committee on Audit, Risk Management, and Compliance, for which he is chair, will focus on cybersecurity and the Governance Committee will focus on free speech on the campuses.
Remarks by the Chancellor. Chancellor Gaber began her remarks by sharing that in all of her initial interactions, she has been received with warmth and kindness, and that her first impressions are positive and she is encouraged and optimistic about the future.

Next, Chancellor Gaber gave an update on fall semester enrollment. She reported that despite the challenges and uncertainty that the COVID-19 pandemic presented, the University achieved a record enrollment of 30,146 students for the fall semester, an increase of 531 students over last fall. Chancellor Gaber attributed much of the success to the strategies enacted last year, including enhanced outreach to incoming students, a targeted marketing campaign, and targeted student financial aid.

Chancellor Gaber then summarized her engagement efforts for her first 60 days and thanked Mr. Bunker for leading the transition team in developing a very robust engagement plan.

Chancellor Gaber then reported on budget management strategies that the administration is undertaking in light of the impact of the pandemic, including a proactive non-recurring general funds budget reduction in FY 2021 to prepare for potential recurring budget reductions in FY 2022.

Next, Chancellor Gaber announced that she has appointed Dr. Cheryl Waites Spellman as interim special assistant to the chancellor for diversity and inclusion. She shared that one of the overarching themes that she has heard from students, faculty, staff, and alumni is the need for a senior level administrator whose sole responsibility is to create an equitable and inclusive campus. To address this need, she created this interim role through June 30, 2021, until a permanent position can be created and approved, and to undertake a search to fill the permanent position. Chancellor Gaber then introduced Dr. Waites Spellman, and asked the Board for their endorsement of the position. Dr. Waites Spellman shared a brief greeting.

Status of Campus Operations. Chancellor Gaber provided an update on the status of campus operations as affected by COVID-19, and reported that the University continues to monitor campus and county COVID-19 data and trends, as well as take the lessons learned from sister institutions to make further operational changes to de-densify the campus and strengthen accountability. Chancellor Gaber also reported that she continues to have ongoing discussions with the System Office and County about whether we should resume face-to-face classes on October 1, and that the decision of whether to resume on October 1 is forthcoming.

Chancellor Gaber next detailed the significant planning and resources towards ensuring safe learning, working, and living for students, faculty, and staff, highlighting the daily health check, and testing and contact tracing efforts, as well as the widely communicated expectations for safe behaviors.

Discussion ensued around the testing lab on campus, the wastewater testing project, and several other related topics.

Budget Update. Mr. Smith, the University Budget Director, provided an update on the budget as impacted by COVID-19, cautioning that the data changes daily. Mr. Smith addressed what we knew in the early stages of the pandemic, what we learned, and what we did in the later stages. Mr. Smith reported that the University is currently focusing on short-term viability but beginning to transition focus to long-term viability. Robust discussion ensued about how decisions will be made concerning reductions, negative impacts, and CARES funding priorities.
Hotel and Conference Center Update. Mr. Sorensen provided an update on the status of the hotel and conference center, stating that the University expects to break even the first year based on occupancy. Mr. Sorensen reported that the University will receive the certificate of occupancy February 23, and the hotel should be ready the last week of March to the first of April. Mr. Sorensen projected that it will be worth opening and operating at reduced occupancy if necessary.

Exponential Campaign Update. Former UNC Charlotte Board of Trustees Chair and current chair of the Exponential Campaign, Gene Johnson provided an update on the campaign. Mr. Johnson shared the excellent news that we had surpassed the $200 million campaign goal and raised $218,220,737 to support the four pillars of success: student access and scholarship, student experience, faculty support, and innovation and knowledge. He acknowledged the work of the Advancement staff in this success. Mr. Johnson next provided details regarding the number of donors, scholarships created, gifts and pledges, year-over-year giving, and notable spaces named.

Legislative Update. Ms. Doster reported that during the Board of Governor’s April session, the UNC System distributed NC appropriation CARES Act funds to system universities. Ms. Doster further explained that universities with medical schools received additional research money. Ms. Doster stated that the biggest loss from the short session was that UNC Charlotte did not receive money for building reserves for the Science building but indicated that it is a priority for the UNC System. Ms. Doster indicated that UNC Charlotte received $5 million, the largest research appropriation in history, for wastewater research, and an additional $4 million for pandemic research. Ms. Doster also reported that there will be no salary increases for system employees. Ms. Doster concluded her report by sharing that the legislature has adjourned until January 2021. She reminded the Board and attendees that there will be an early voting site that will be on campus at Belk Gym.

Report of the University Faculty Council. Mr. Avrin provided a summary of his report of the Faculty Council. Mr. Avrin stated that he recognized the need to engage faculty governance in decisions being made regarding the fall planning process and initiated development of the Fall Planning Advisory Group (FPAG). Mr. Avrin discussed the work of the FPAG as related to the steps being taken to mitigate COVID-19 spread on campus.

Report of the University Staff Council. Ms. Corpening provided highlights of the staff council’s activities since the last meeting.
